

Jewelry & Metal Arts Training Programs

Introduction to Jewelry Design and History

Course Title	Delivery	Duration (Hours)	Prerequisite
Introduction to Jewelry Design and History	Online	36	Interest in Jewelry Design, Craftsmanship, and Creative Arts
Introduction to Jewelry Design and History	In-person	36	Interest in Jewelry Design, Craftsmanship, and Creative Arts
Introduction to Jewelry Design and History	Blended	36	Interest in Jewelry Design, Craftsmanship, and Creative Arts

Metalworking Fundamentals: Shaping, Forming, and Texturing

Course Title	Delivery	Duration (Hours)	Prerequisite
Metalworking Fundamentals: Shaping, Forming, and Texturing	Online	60	Introduction to Jewelry Design and History
Metalworking Fundamentals: Shaping, Forming, and Texturing	In-person	60	Introduction to Jewelry Design and History
Metalworking Fundamentals: Shaping, Forming, and Texturing	Blended	60	Introduction to Jewelry Design and History

Gemology: Identification and Characteristics of Precious and Semi-Precious Stones

Course Title	Delivery	Duration (Hours)	Prerequisite
Gemology: Identification and Characteristics of Precious and Semi-Precious Stones	Online	45	Introduction to Jewelry Design and History
Gemology: Identification and Characteristics of Precious and Semi-	In-person	45	Introduction to Jewelry Design and History

Precious Stones			
Gemology: Identification and Characteristics of Precious and Semi- Precious Stones	Blended	45	Introduction to Jewelry Design and History

Casting Techniques and Mold Making

Course Title	Delivery	Duration (Hours)	Prerequisite
Casting Techniques and Mold Making	Online	50	Metalworking Fundamentals: Shaping, Forming, and Texturing
Casting Techniques and Mold Making	In-person	50	Metalworking Fundamentals: Shaping, Forming, and Texturing
Casting Techniques and Mold Making	Blended	50	Metalworking Fundamentals: Shaping, Forming, and Texturing

Advanced Metalsmithing: Laser Cutting, Fabrication, and Welding

Course Title	Delivery	Duration (Hours)	Prerequisite
Advanced Metalsmithing: Laser Cutting, Fabrication, and Welding	Online	75	Casting Techniques and Mold Making
Advanced Metalsmithing: Laser Cutting, Fabrication, and Welding	In-person	75	Casting Techniques and Mold Making
Advanced Metalsmithing: Laser Cutting, Fabrication, and Welding	Blended	75	Casting Techniques and Mold Making

Stone Setting and Jewelry Repair

Course Title	Delivery	Duration (Hours)	Prerequisite
Stone Setting and Jewelry Repair	Online	60	Gemology: Identification and Characteristics of

			Precious and Semi-Precious Stones + Metalworking Fundamentals: Shaping, Forming, and Texturing
Stone Setting and Jewelry Repair	In-person	60	Gemology: Identification and Characteristics of Precious and Semi-Precious Stones + Metalworking Fundamentals: Shaping, Forming, and Texturing
Stone Setting and Jewelry Repair	Blended	60	Gemology: Identification and Characteristics of Precious and Semi-Precious Stones + Metalworking Fundamentals: Shaping, Forming, and Texturing

Surface Treatments: Patination, Electroplating, and Chemical Finishes

Course Title	Delivery	Duration (Hours)	Prerequisite
Surface Treatments: Patination, Electroplating, and Chemical Finishes	Online	40	Metalworking Fundamentals: Shaping, Forming, and Texturing
Surface Treatments: Patination, Electroplating, and Chemical Finishes	In-person	40	Metalworking Fundamentals: Shaping, Forming, and Texturing
Surface Treatments: Patination, Electroplating, and Chemical Finishes	Blended	40	Metalworking Fundamentals: Shaping, Forming, and Texturing

3D Modeling and Printing for Jewelry Design

Course Title	Delivery	Duration (Hours)	Prerequisite
3D Modeling and Printing for Jewelry Design	Online	60	Introduction to Jewelry Design and History + Basic Digital Design Skills
3D Modeling and	In-person	60	Introduction to

Printing for Jewelry Design			Jewelry Design and History + Basic Digital Design Skills
3D Modeling and Printing for Jewelry Design	Blended	60	Introduction to Jewelry Design and History + Basic Digital Design Skills

Wearable Electronics and Mixed Media Integration

Course Title	Delivery	Duration (Hours)	Prerequisite
Wearable Electronics and Mixed Media Integration	Online	45	3D Modeling and Printing for Jewelry Design
Wearable Electronics and Mixed Media Integration	In-person	45	3D Modeling and Printing for Jewelry Design
Wearable Electronics and Mixed Media Integration	Blended	45	3D Modeling and Printing for Jewelry Design

Sustainable Practices in Jewelry Production

Course Title	Delivery	Duration (Hours)	Prerequisite
Sustainable Practices in Jewelry Production	Online	30	Metalworking Fundamentals: Shaping, Forming, and Texturing
Sustainable Practices in Jewelry Production	In-person	30	Metalworking Fundamentals: Shaping, Forming, and Texturing
Sustainable Practices in Jewelry Production	Blended	30	Metalworking Fundamentals: Shaping, Forming, and Texturing

Business and Marketing for Jewelry Designers

Course Title	Delivery	Duration (Hours)	Prerequisite
Business and Marketing for Jewelry Designers	Online	36	Introduction to Jewelry Design and History
Business and Marketing for	In-person	36	Introduction to Jewelry Design and

Jewelry Designers			History
Business and Marketing for Jewelry Designers	Blended	36	Introduction to Jewelry Design and History

Portfolio Development and Professional Practice

Course Title	Delivery	Duration (Hours)	Prerequisite
Portfolio Development and Professional Practice	Online	36	Completion of at least three Jewelry & Metal Arts Studio Courses
Portfolio Development and Professional Practice	In-person	36	Completion of at least three Jewelry & Metal Arts Studio Courses
Portfolio Development and Professional Practice	Blended	36	Completion of at least three Jewelry & Metal Arts Studio Courses

Comprehensive Jewelry & Metal Arts Professional Program

Course Title	Delivery	Duration (Hours)	Prerequisite
Comprehensive Jewelry & Metal Arts Professional Program	Online	360	Introduction to Jewelry Design and History + Interest in Jewelry Design, Metalsmithing, and Contemporary Creative Technologies
Comprehensive Jewelry & Metal Arts Professional Program	In-person	360	Introduction to Jewelry Design and History + Interest in Jewelry Design, Metalsmithing, and Contemporary Creative Technologies
Comprehensive Jewelry & Metal Arts Professional Program	Blended	360	Introduction to Jewelry Design and History + Interest in Jewelry Design, Metalsmithing, and Contemporary Creative Technologies
